PROJECTS, PERSONAL WORK & ARTS

Personal Website – luvlornmusic.com

Designed and built a personal portfolio website to host my personal presentation, an overview of my work in coding, music, and media production, an RSS Feed window for my personal blog, and a contact form for inquiries, suggestions and information, with the goal of increasing reach about myself, my work and my abilities.

Jun 2025

Slashed Ø Productions Website – slashedo.vercel.app

Designed and built an official website for my creative work group Slashed Ø Productions, to host a demonstration of our work/services, and a contact form for inquiries and information. (Still in Development).

May 2026

RandmStuff – randmstuff.com

Joined with three school friends to create a website where we can host our personal tech group projects and publishing/showcasing them on the web including various participations of the group in competitions.

Apr 2026

Handy Dandy Toolbox – handydandytoolbox.vercel.app

Designed and built a website inspired by the tools I use every day for media production and other tasks with the goal of hosting everything in a single place instead of needing to search for every individual tool on different websites which also could lead to viruses, adware and other forms of malware. – This project also had the purpose of AI experimentation in web design and coding (Mainly on JavaScript).

Jan 2026

Solo Music Artist - Luvlørn

Independent Artist – Producing, recording, and releasing original music. Focused on Rock, Pop and EDM genres.

2024 - Present

Lead Vocalist & Guitarist – AFTERMVTH (Band)

Co-founder of an original Rock band alongside school peers. – Performs live at school events and under contract.

2025 - Present

Lead Vocalist & Guitarist – School Choir / Band

Colegio San Carlos – Performs as lead vocalist and guitarist in the school's official choir / band

2024 - Present
